BC Certified Assayers since 1895

Trainee Assayer Scholarships - 2011

The British Columbia Certified Assayers Foundation intends to award several scholarships in 2011 to trainee assayers presently working in a mineral analytical-assay laboratory. This year there will be three \$1000 scholarships sponsored by the Canadian Mineral Analysts and one \$500 British Columbia Certified Assayers Foundation scholarship. Candidates should be prepared to sit the B.C. Certified Assayers examinations in the near future. Qualified applicants are invited to apply by letter before July 30th, 2011 to:

Dr. Ray Lett, Chair
B.C. Certified Assayers Foundation Scholarship Committee
3956 Ashford Rd., Victoria, B.C., V8P 3S5: Email - Raylett@shaw.ca

Applicants should summarize their assaying experience and their career goals in their letter and should also include a current resume. If feasible, the scholarships will be awarded at a Vancouver Mineral Exploration Group Lunch Meeting in Vancouver, B.C., in the Fall of 2011. The Foundation will pay registration fees and lunch costs for the successful candidates to attend the MEG Meeting.
